

Cue & Curtain Presents "Our Town" This Week

Paine and Morgan Head List of Players

● CUE AND CURTAIN will present its feature production of the season, "Our Town," Jan. 12 and 13 at the Western Presbyterian Church, 1906 H St.

With a cast headed by Ernest Paine, Nancy Morgan, Clinton Braine, Margie Beall, William Darnell, Betty Green and Keith Adamson, the University dramatic club is undertaking an unusual theatrical venture, since the play is produced without scenery or hand properties. Written by Thornton Wilder, the play marks a departure from usual production when presented to Broadway, and with Frank Cravens creating the original leading role, received the Pulitzer prize for 1938.

Ernest Paine in the leading role of stage manager has the responsibility of creating for the audience the illusions which the lack of properties necessitate. He describes for them the homes, locale, and happenings of a little New England town at the turn of the century. Nancy Morgan and Clinton Braine portray the romantic leads, the two young people about whose lives the change and the growth of the normal little town, the theme of the play, is developed.

Coffee will be served between the acts by Mrs. Henry Grattan Doyle and Mrs. Wm. C. Johnston.

Completes Semester's Work

The production and presentation of "Our Town," the most picture rights of which have just been purchased by United Artists for \$35,000, culminates the semester's work of the drama group. Its policy, one popular with leading college dramatic groups throughout the country, is to present several one-act plays or smaller productions throughout the semester as training and experience for the group. Varying the type and characterization of the plays, all those interested in dramatics are given an opportunity either to act or to participate in some other activity of the theatre.

After a rather unsuccessful season in the previous year, Cue and Curtain last year inaugurated the "laboratory" or "workshop" system. They entered the annual Washington One-Act Play Tournament, in competition with various local dramatic clubs, reached the finals, and were favorably reviewed. Following this with two groups of one-act plays, they then finished the semester with a successful and favorably criticized production of Maxwell Anderson's "Wintergreen."

Experienced Talent Available

Notable in the group is the degree of experienced talent. Eugene Lerner, president of Cue and Curtain has had professional experience on Broadway; several of the group have been connected with the Washington Civic Theatre and other little theatre groups in other cities; many have transferred from other college groups; some have radio broadcasting experience; and virtually all of the group have had dramatic training in high schools or dramatic schools.

Tickets for "Our Town" are obtainable from any of the members of Cue and Curtain. All seats will be reserved and purchases of tickets may be made by calling Nancy Whittemore at the Westchester through Wednesday night.

Pruden Speaks At Next Chapel

● REV. EDWIN HUGHES PRUDEN, pastor of the First Baptist Church of Washington, will speak at chapel next Friday on the subject "Unshaken Optimism."

Dr. Pruden attended the University of Richmond, the Southern Baptist Theological Seminary, the University of Edinburgh in Scotland and took up graduate work at Yale University. He was pastor of the First Baptist Church at Petersburg, Va., from 1930 to 1935, and guest professor at the University of Shanghai, China, during 1936. He is now president of the board of managers of the Chinese Community Church of Washington and is also a contributor to religious publications.

"The Thinker of the New Testament" was the subject of Prof. Raymond John Seeger's talk at chapel last Friday. Dr. Seeger based his speech on Jeremiah's solution to the problem of the world, a solution based on a new testament emphasizing the importance of the individual.

Rousers Want Hats Returned at Games

● AT ITS first meeting of the new year held yesterday afternoon, the Rousers Club discussed the cheering at basketball games. "We're not Indian givers," said Roy Lever, president of the club, "but we ask that the megaphones and hats distributed at the games be returned. They are school property."

Sigma Xi Convenes

● THE SIGMA XI convention held at Columbus, Ohio, during the Christmas holidays, elected two new chapters. One chapter will be at the University of Southern California and the other at Virginia Polytechnic Institute.

Margie Beall

Margie Beall Typifies The Drama Spirit

● TYPICAL of talent displayed by members of Cue and Curtain, University dramatic club, is the wide range of Margie Beall's experience, training, and accomplishments.

Margie started acting early, and in the fourth grade played the leading role of Alice in "Alice in Wonderland," and shortly thereafter was the Princess in the traditional juvenile production, "The Golden Thread."

A leading role in "Captain Applejack" was her next dramatic experience, which was followed by her interpretation of Puck in "Midsummer's Night Dream," as produced by the Washington Players. Before coming to Cue and Curtain she added a role in the Bartfield Player's production of "Queen's Enemies," and danced a small part with the Ballet Russe in "Boutique Fantasque" in Philadelphia.

Margie has been one of Cue and Curtain's most active members ever since she joined the group. She has served as promptress, prop mistress, student director, and actress. She is remembered for her most recent work in a leading role in Cue and Curtain production last spring of the play, "Grotesque Fox November," and as director of "Cup of Tea," with Anne Peterson and William Darnell in leading roles, this fall.

Adding another interesting characterization to her list of roles, Margie will appear in "Our Town" as the mother of the male romantic lead, in the Pulitzer Prize story of the development of the lives of two young people in a small New England town.

Faculty Attend Many Scholarly Conventions

● DURING the Christmas holidays, many members of the University faculty attended scholarly and scientific meetings held throughout the country.

Dean Henry Grattan Doyle, professor of Romance Languages and Dean of Columbian College, reported on "Trends in Education" before the Modern Language Association of America. The English Department was represented by Profs. Douglas Bement, Charles W. Cole, Frank Smith, and Maurice Irvine. Professor Bement discussed the University's newly established writing laboratory at meeting of the College English Association.

The fifty-fourth annual meeting of the American Historical Association took place at the Mayflower Hotel, Dec. 28-30.

Dr. Warren R. West, professor of Political Science and Dean of the School of Government, attended the meeting of the American Political Science Association.

Dr. Edward H. Schirt and Dr. Wolfram K. Legner, of the Department of Germanic Languages and Literatures, went to the University of Pennsylvania for the meetings of the Linguistic Society of America.

Yeager Speaks
Prof. W. Hayes Yeager, head of the Department of Public Speaking, is president of the National Association of Teachers of Speech. He discussed "Congressional Oratory" at the Association's meeting in Chicago. Prof. Henry G. Roberts also attended this meeting.

Prof. Christopher B. Garnett attended a meeting of the American Association of Philosophy held at Columbia University in honor of John Dewey.

At the thirty-seventh annual meeting of the Association of American Law Schools at the Palmer House during the vacation, Prof. C. A. Ward spoke at a round table on Labor Law. He gave an outline of the National Labor Relations Board's interpretation and application of what constitutes unfair labor practices on the part of employees.

Professor Churchill Continues Research

● GEORGE M. CHURCHILL, professor emeritus of English history, who retired last June, has been engaged in bibliographical work and research for the Ridpath Historical Society, publishers of Ridpath's History, to which he has contributed in the past.

Be Smart! Pre-Register

● PRE-REGISTRATION for the second semester will take place beginning next Monday and continuing through Jan. 23. During this period students now enrolled in the University may plan their second semester schedules with assistance of deans and advisors, execute the necessary forms, and complete registration in advance of the more crowded regular period.

Registrar Fred E. Nessell directs attention to the fact that there will be no preregistration during the period of final exams, so that those students who do not register between now and Jan. 23 must wait until the regular registration days, Feb. 7 and 8.

Registration procedure is as follows:

Students now in attendance: Secure registration blanks from the office of the Registrar, C-100. Consult advisor or major department. Secure approval of the Dean of the College, School or Division concerned. Deposit completed blanks at the Cashier's Office in Corcoran Hall. Fees may be paid at that time or may be postponed until the regular registration days, Feb. 7-8.

Law students will register in Stockton Hall. Students in the Medical School are not required to register for the second semester.

Former students of the University not now in residence who wish to register for the second semester should make application at the Office of Admissions, C-101 and then proceed as above.

Students entering the University for the first time at the beginning of the second semester should make application for admission at the Office of Admissions, C-101.

Council Maps Debate Team Schedule

Varsity Plans Long Debate Trip; To Meet Several Universities

● THE DEBATE COUNCIL has announced tentative plans for varsity, women's and freshman debate teams which indicate full schedules for all three squads.

On January 21 a varsity team representing the University will participate in a debate with Mt. St. Mary's at Emmitsburg on the subject of "Socialized Medicine." This will be a split team debate. Men desiring to try out for this debate may signify their intention to do so by signing the list on the bulletin board beside D-415, office of Prof. Henry G. Roberts, coach of the Men's Varsity Debate Squad, as soon as possible. Date of the tryouts will be announced later.

Christian Bromberg, intercollegiate debate manager, also revealed plans for a comprehensive schedule. On Feb. 21 there will be a debate with Princeton University at Princeton; no subject has yet been selected.

Late March will see a University team invading the Middle West on the longest debate trip since the Puerto Rico trip of several years ago. On March 25, they will meet Washington University of St. Louis and the University of Illinois at St. Louis in a triangular debate on the subject of the administration's labor policy. On March 26, the team will meet the University of Missouri at Columbia, Mo., debating the question, "Resolved, That the Present Administration Deserves a Vote of Confidence." Negotiations are under way looking toward a triangular debate with the University of Virginia and the University of North Carolina.

Women's varsity debate schedule will embrace six debates, which among others will include such opponents as Ohio Wesleyan, Pittsburgh, Randolph-Macon and Trinity. Subject of the Ohio Wesleyan debate is "Resolved, That the German-American Bund Should Be Suppressed." Main question, which will be used in most, if not all, of the other debates is "Resolved, That the Basic Cause for the Present European War Rests Upon the Allied Powers."

Evelyn Morris, veteran of last year's squad, has been named manager. Others who return from last year are Lucy Masure, Betty Green and Ann Dienstl. Prof. DeWitt Bennett will again coach the squad. Prof. W. Hayes Yeager will shepherd the Freshman Squad through a schedule including debates with Columbus University and; it is hoped, Catholic University, Marjorie Webster, Maryland University, Y. M. C. A. and Boston University. Columbus will be met March 18 on the question of federal ownership and operation of railroads. Freshmen wishing to try out may sign the list on the bulletin board beside D-418, Prof. Yeager's office.

The Public Speaking Department and the Debate Council have long insisted that, although the University does not meet outstanding teams in football, it does meet the most representative opponents in debate. Such debates as those with the English, Australian and Puerto Rican teams, Princeton and other outstanding universities are cited as instances.

Overholt Will Speak To Alpha Kappa Psi

● JOHN A. OVERHOLT, classification investigator of the U. S. Civil Service Commission, will speak to Alpha Kappa Psi, professional commerce fraternity, tomorrow on "Personnel Management" at 8:15 p.m. in Columbian House.

The Future Of The Hatchet

An Editorial

● TODAY'S ISSUE OF THE HATCHET carries for the first time the date line 1940. Outside of school the beginning for a new year signifies for everyone a time to look around, take stock of past accomplishments and future possibilities, and start out a new period with a clear purpose and clear decks. In our own school community the end of the fall semester marks the half-way point of the year, yet that period is now so close, there is so little time left to make things ready for the new start into another division of our school life, that it seems appropriate with this issue to indicate a pressing campus problem that needs to be solved in the remaining days of the present semester.

That problem is the future of The Hatchet.

Thus far this school year The Hatchet has been under the direction of a provisional Board of Editors. Announcement was made on page 1 of the first issue that "a study has been undertaken by the Committee on Publications looking toward certain changes in the administrative organization of The University Hatchet..." and that pending the completion of the study a provisional Board had been appointed and was functioning.

During the past few years the Board of Editors of The Hatchet was self-elected, subject to approval of the faculty Committee on Publications. Last spring, however, the Committee took no action on the elections held in April to fill two vacancies on the Board and the Editorship. The two nominees served with the three members whose terms carried over into the next year to constitute an acting board, with the "old" editor continuing to have final jurisdiction. This set-up continued to the end of the semester.

PROVISIONAL BOARD IS CHOSEN

During the past summer, apparently, the Committee on Publications was enlarged from three faculty members to include also two student and three alumni members, and that Committee set aside the established system of administration of The Hatchet and named the provisional board under a new set of eligibility qualifications, outstanding among which was a provision that each member must be of upper-class standing. That provision automatically made ineligible the three members of the Board whose terms would not ordinarily have expired until the spring of the present year, 1940. One of the two nominees by the Board last spring was ineligible beginning this fall because of the four-year activities rule; the other is a member of the present provisional board.

The provisional board members were notified of their appointment less than one week before the scheduled date for the first issue this fall. As first constituted, the Board was composed of five members, one of which was the business manager. A sixth was added with the second issue. Since then two resigned, effective with the 10th issue, Nov. 21, 1939.

The above is a very brief history of The Hatchet case as it now stands. There are, of course, many, many more incidents and aspects; but the essence of the picture has been given.

The reader may ask why this summary is written. The answer is that the present editors, and many other students, both on and off The Hatchet staff, feel that the period of experimentation has run long enough, that in fairness to the personnel of The Hatchet and for the good of the student body and its ideals the present situation must be cleared up so that this paper can enter the new semester free from the restraints of indecision and uncertainty.

PERMANENT SYSTEM MUST BE SET UP

Whether or not the Committee on Publications was acting in the best interests of the University and the students who are its essence is a question which need not be discussed at this writing. The important thing now is to define the administration of The Hatchet so that students may with dignity and honor to themselves serve in its administrative positions.

The present system of provisional appointment cannot be continued indefinitely. The Hatchet is operated on a merit system. It is unfair to the Junior and Senior Staff members to ask them to work many hours every week through two school years without providing a definite goal that may be reached by some of them through meritorious work. It is unfair to ask them to serve as members of The Hatchet staff if their chance of promotion is to depend on rules which change from day to day, or which are not defined at all. And it is certainly unfair to ask that the considerable responsibilities of administration of The Hatchet be carried indefinitely by students who agreed to accept a dubious honor, under the circumstances, only because they considered the continuance of the paper more important than personal feelings.

The Committee on Publications has, in conference, agreed with the present editors that a permanent plan of organization should again be instituted for The Hatchet effective at the beginning of the second semester of this school year, and that the students to serve as editors thereunder should be selected in such manner as to have a clear mandate from all interested students.

The Hatchet hopes to be able to announce such action soon.

Language Clubs Elect Officers And Initiate

● "YO PROMETO." After saying these words, fourteen persons became full-fledged members of El Club Espanol at its last meeting. The initiates were:

Betty Egloff, Daniel Fusfeld, Edna Portwood, Martha Boyajian, Helen Roberts, Anne Binley, Dorothy Noon, Jacqueline Owens, Ethel Thomas, Virginia Darrow, Helen Park, Joaquin Mattel, Guillermo Guillen, and Josephine Merelman.

Newly elected to office were: Eleanor Sholtes, president; Joaquin Merleman, secretary; and Lily Nikula, treasurer.

An open discussion followed the election. It concerned the possibility of the Club's becoming affiliated with Sigma Delta Pi, national honorary society of Spanish Clubs in America, in which Dean Doyle is an honorary member.

The members of El Club Espanol are invited to attend a special Puerto Rican program tonight at the University Women's Club at 1636 I St. N.W. at 7:45. There will be an illustrated lecture, music, and exhibitions.

Donations Add To Bldg. Drive Fund

Trustees Head Contributors

● CONTRIBUTIONS continue to pour into the Women's Activities Building Campaign fund, giving promise of a successful new year for this drive, which is backed by some 20 women's organizations on campus.

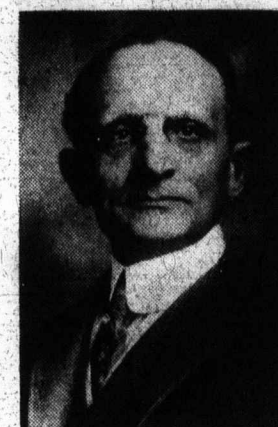

Leading the list of contributors this winter are eleven of the University trustees. Those trustees contributing were: Charles S. Baker, John Henry Cowles, Ulysses S. Grant III, J. St. Clair Brooks, Jr., Charles W. Gerstenberg, Robert V. Fleming, Charles C. Glover, Jr., Luther H. Reichelderfer, Theodore W. Noyes, Mrs. Hattie M. Strong, and Harry Cassell Davis.

Contributions of \$16, \$25 and \$2 have been received respectively from Chi Omega sorority, Phi Delta Gamma, graduate women's sorority, and Kappa Beta Pi, women's legal sorority.

Total is \$1,194.55

The present total of contributions to the fund has reached \$1,194.55, while further donations are forthcoming, as numerous organizations have just recently completed projects for this purpose.

Auditorium Will Be Built At 21st & H

Abram Lianer

Food Drive Collects \$670.35

Student Contributions Are Used To Feed 220 Families

● THE MOST successful Food Drive ever conducted by the University came to a close on Dec. 23 and 24 when 220 baskets of food were distributed to the needy of Washington.

Total contributions to the drive amounted to \$670.35. Of this \$583.55 was cash, while the remaining \$86.80 was contributed in food, clothing and toys. Co-directors of the Food Drive, Henrietta Parker and Joe Bob Gale, supervised the packing of the baskets, which were distributed to families recommended by the Council of Social Agencies who obtained this list through Visiting Nurses.

Trucks for delivering were obtained from Hill & Tibbitt, Starrett Trucking Company, International Harvesting Company, and Steuart Motors Company.

Fraternities Contribute

Among the organizations contributing were: Fraternities: Phi Sigma Kappa, Kappa Sigma, Theta Delta Chi, Sigma Phi Epsilon, Phi Alpha, Sigma Nu, Acacia, Tau Kappa Epsilon, Alpha Mu Sigma, and Tau Sigma Rho.

Sororities: Phi Beta Phi, Chi Omega, Sigma Kappa, Phi Mu, Delta Zeta, Kappa Delta, Phi Sigma Sigma, Zeta Tau Alpha, Kappa Kappa Gamma.

Campus: General, Law School, Medical School, Engineering School.

Other Contributions

Other Organizations: Iota Sigma Pi, "Our Town" Cast, Band, Mortar and Pestle, Rousers Club, Chi Upsilon Faculty, Strong Hall, Varsity House, Christian Science, International House, and Avukah.

Outside Contributions: Willard Hotel, Quigley's, Versis Food Shoppe, Thompson's Dairy, Cameo Waffle Shop, and Apple Company.

The announcement of the winners of the cups and a detailed report of the Food Drive will appear in the next issue of The Hatchet.

Co-directors Parker and Gale wish to thank every contributor for the part he had in making the Food Drive a success, and also to express thanks and appreciation for the successful work of individuals on the Food Drive Committee.

Foreign Student Society Hears Pilar Ravelo

● THE INTERNATIONAL Student Society is sponsoring a lecture on the Philippine Islands to be given by Miss Pilar Ravelo, one of its members, tomorrow evening at 8:15 in Government 102.

Miss Ravelo, a native of the Philippines, is stationed here in Washington as Press Relations Officer in the office of the Philippine Resident Commissioner to the United States. Foreign correspondent for the D-M-H-M, publishers of Manila, (The Debate, a newspaper written in Spanish; the Mabuhay, written in the Philippine language, and the Philippine Herald and Monday Mail, two publications appearing in the English language), she is also a member of Mrs. Roosevelt's weekly press conference, and at present is enrolled in the University taking several courses in journalism.

Preceding her lecture, Miss Ravelo will perform a folk dance in her native costume and will be accompanied by two Philippines who will play on the guitar.

This lecture, which is entitled "Taking the audience on a Tour of the Philippines," will be accompanied by slides.

Dreese Presides

At Y. W. C. A. Meeting

● DR. MITCHELL DREESE, professor of educational psychology, will preside at a meeting to be held in the auditorium of the Young Men's Christian Association at 1736 G St. N.W. on Thursday, Jan. 11 at 8:15 p.m.

Dr. Floyd Reeves, director of the American Youth Commission, will speak on "The Program of Action for American Youth."

Building Will Include Theatre, Soundproof Rooms and Workshop

● EXCAVATION WORK for the new million-dollar auditorium will be started within the next 90 days, Charles E. Merry, Superintendent of Buildings and Grounds, announced last week. At the same time he made public that the site finally chosen for the building is the southwest corner of the intersection of 21st and H Sts. N.W.

Of the \$1,000,000 available for the new building, \$750,000 was left to the University by the late Abram Lianer, donor of the new library building. An additional \$250,000 to be expended on the auditorium was donated to the University some time ago by the George Washington Memorial Association. A recent bequest in the will of the late Mrs. Susan Whitney Dimock will supply further funds.

Building Includes Theatre

Included in the new building will be a large meeting hall, a little theatre, and classrooms and workshops for music and speech work.

The large meeting hall is designed to satisfy the long-felt need of the University for an assembly place of sufficient size to accommodate large forums and general University meetings.

Designed for the special delight of Cue and Curtain, the little theatre will seat about 400 persons and provide adequate stage facilities for the University drama group.

Speech Facilities

Soundproof rooms and workshops are expected to give University speech work and music great impetus. The possibility of the development of a complete radio curriculum is also under consideration.

The auditorium, which will be completed in about 18 months from the time construction will start, is the sixth large building project to be undertaken by the University since the inception of a new building program in 1935. Other major buildings completed since that year include the Social Science Hall, the Biology Building, Strong Hall, the Hall of Government, and the Lianer Library, which was completed last fall.

New Floor Will Be Occupied Tomorrow

● THE NEW OFFICES on the second floor of the mechanical drafting laboratory building at 21st and H Sts. will be occupied tonight, Mr. Charles E. Merry, Superintendent of Buildings and Grounds, has announced.

The new floor contains 15 offices for the School of Engineering and Department of Physics faculty, whose offices until now have been in Building I. The new offices are connected directly with Corcoran Hall.

As soon as the members of the faculty are installed in their new offices, Building I will be razed. Mr. Merry expects the transfer to be completed in one evening so that the razing may begin tomorrow.

Law Review Honors F.T.C. In Next Issue

● 1940 BRINGS forth some of the best business forecasts in years—1940 also brings the Silver Anniversary of the Federal Trade Commission, one of the first governmental agencies to regulate business.

To commemorate this event, the entire February issue of the George Washington Law Review will be devoted to an appraisal of the work of the F. T. C. Prof. S. Chesterfield Oppenheim has been appointed as special editor for this issue because he is professor of Trade Practices. Professor Oppenheim has been collaborating with Commissioners Robert E. Freer and Edwin L. Davis, a George Washington graduate, who has been elected to serve as chairman of the F. T. C. for 1940. Commissioner Davis is also an alternate member of the temporary National Economic Committee.

The Law Review will feature articles on the evolution of the Federal Trade Commission's powers and duties; on the administrative process; on procedure and practice before the F. T. C.; on the Robinson-Patman Act; on unfair trade practices; and will conclude with an appraisal, analysis, and synthesis. Also, the issue will include a selected bibliography on the Federal Trade Commission.

Copies of Calendar Are Mailed to Alumni

● THREE HUNDRED copies of the new University calendars are to be mailed to alumni officials, prominent alumni, and alumni teaching in the District.

The New York Alumni Club, the "Minute Men of George Washington University," will meet in New York Jan. 26 to listen to Lester A. Smith, alumni secretary, and Max Farrington, director of athletics. Mr. Smith will speak on "Interesting High School Students in the University," and Mr. Farrington on "The New Athletic Program." The next afternoon members of the club will journey to West Point to witness the G. W.-West Point basketball game.

"Man is but a reed, the weakest in nature, but he is a thinking reed."

Religion—Professors Beware

• TWO THINGS seem to be most commonly the subject of professorial wit—religion and women. Granting that the latter might legitimately be the subject of allegedly humorous remarks, the former is a topic that might well be kept outside the field of classroom comment.

It is well known that when a young student enters college, he or she is continually confronted with a mass of fact, historic or scientific, that may seem to a young mind a contradiction of all that he has grown to believe, all that his years of church-going have taught him. What he reads is alone enough to set him wondering, and he frequently finds himself confused—not knowing what to believe. It is a hard period for a young person to go through, particularly if he has been at all influenced by his pre-college learning.

It is thus with dismay that we see some professors who, claiming religious beliefs, nevertheless seek to poke fun at certain aspects of religion in order to draw forth some classroom response. How can the young student understand that the professor does not mean what he seems to mean, that he is only presenting a partial fact, that in his own realization of the whole philosophy of religion, he has forgotten the student's ignorance of it?

Not infrequently have a few of our own University professors been called atheists, when they are in reality active in Washington churches. Their desire for laughter in the class, even though they do not realize it, is breaking down a belief and a faith that may mean much to the character and future of the student.

Suppose that some of the religious beliefs of students are immature. If the professor wishes to point out the errors, he has the concurrent obligation to produce what he believes is an adequate substitute, or at least to indicate the thought that will enable the student to reason out for himself a mature philosophy of religion.

If certain of our faculty feel that they must trample their students' beliefs in fields outside their particular teaching specialty, they should have the fairness and courage to help build up as they destroy.

Girl Cheerleaders Endorsed

• THE BETTER CHEERS COMMITTEE met before vacation and passed several resolutions, among which are the following:

"The students should do everything possible to try and get girl cheerleaders here at the University. Cheerleaders should be given award sweaters at the end of each year. If possible, the student body should have more control over the election of cheerleaders. The cheerleaders should meet at least once a week during football and basketball seasons."

"Each school cheer should be printed on a large cloth sign 5x8 inches. The cloth should be fastened with thumb tacks on a couple of sticks. Each yell will have to be printed on a separate piece of cloth. In this way, the students who do not know the words to some of the yells will be able to read them off the cloth and yell them with the cheerleaders. Money for the pieces of cloth should be appropriated by the Student Council or the Athletic Department, or both."

"The Better Cheers Committee should be made a permanent committee under the Student Council and should at all times make suggestions as to how the University cheers may be bettered."

The Committee also passed a resolution of thanks commending the Rousers Club for its work in developing school spirit throughout the year.

The Better Cheers Committee, new on the campus this year, has done excellent work in aiding the revival of school spirit about the University. The Hatchet endorses its recommendations wholeheartedly.

Commentary . . .

• DO YOU REMEMBER the crowds, tiresome waiting, and general confusion experienced when you registered during the regular registration period? Preregistration avoids most of that sort of thing. Freshmen, particularly, will save themselves a lot of time if they get into the habit of registering ahead of time each semester from now on. The procedure is explained elsewhere in this issue.

• THE SELECTION of "Our Town" by Cue and Curtin as its major production of the semester is especially adaptable to the production facilities of that organization. "Our Town" requires no scenery. Cue and Curtin has none. However, if the production is enough of a success, scenery, or the wherewithal for it, may gladden the hearts of future producers who will need it.

• FOR THOSE who have not already counted it up, there are 12 more days of classes, including today but not counting Saturdays. However, there are 18 days, including today, for study, provided anyone feels ambitious enough to utilize all of them for that purpose. The moral is obvious.

• THE WHISPERS circulating around campus have finally become authenticated with the announcement of definite plans for the construction of an auditorium. In including speech and music facilities, a little theatre, and possible radio facilities, the building will represent a very definite advance in educational policy in the University. Recognizing the artistic and practical necessities in every education, as well as the purely scholastic, this building will take its place as something quite apart from all buildings yet constructed on campus. And the professors of the speech department, as well as the untiring members of Cue and Curtin, will at last be rewarded for the work they have done against the most difficult of odds.

TOPS

By Dayton Harrington

This column will each week list "The Tops" in songs, books, plays and movies for the convenience of busy students who want only the best and will review one or more. MOVIE—"Another Thin Man." SONG—"Violence." PLAY—"Three After Three." BOOK—"The Nazarene."

• THE BEST PICTURE in town is "The Hunchback of Notre Dame" with Charles Laughton. The producers built duplicates of some of the best of the old French buildings, including Notre Dame Cathedral, for the filming of this picture. Charles Laughton is an actor, and as the Hunchback, he becomes the Hunchback—"Why was I not made of cold stone like you?" he asks of the Gargoyles at the end of the film. He sympathetically portrays Quasimodo, rather than making him a monster. Besides Laughton, the cast is well filled with stars Thomas Mitchell, Maurice O'Hara, Walter Hamden, Sir Cedric Hardwicke, etc., making the picture the best in town.

However, the top for this week in Washington is "Another Thin Man," with Bill Powell, Myrna Loy and Junior. Sophisticated comedy is the only way to describe this picture because the Nick Charles family is the movies' sophisticated domestics—who really aren't domestics because never met have been seen them at home. One other incongruous fact about the Thin Man family is that Bill Powell never was the Thin Man—in the first picture, Bill found the Thin Man and since then he himself has been the Thin Man—such is the likes of Hollywood publicity. Despite this, "Another Thin Man" is an excellent murder mystery, very well directed and acted. However, if I had been editing the film, I would have cut most of the Rumba specialty and insisted on more Bill Powell.

I wonder how much it cost the SAE's treasury to put "Violence" on top in the Student Club.

The National this week is bringing Simone Simon, Mitzie Green, Mary Brian and Stepien Feltch in the musical comedy, "Three After Three." I haven't seen it yet, but I think I would like to—lots of people I know like Simone Simon.

Although "The Nazarene," written by Sholem Asch, is the best seller in Washington this week, it is too heavy to be reviewed here. "Kitty Foyle" is second.

Engineering Slants

By CHARLES G. KURZ

• THE ENGINEERS COUNCIL announced that tickets are on sale for the Ninth Annual Engineers' Ball which will be held in the west ballroom of the Shoreham Hotel on February 23.

In keeping with the established fact that the Engineers' Ball is one of the outstanding social events of the University, it will feature the award to the winner of the Cherry Tree Drive. Tickets may be purchased from members of the Engineers' Council or officers of the Engineering Societies at \$2.00 per couple. Co-op books contain a ticket for this event.

• THETA TAU, national professional engineering fraternity, announces the initiation of Julian Charles Ritter, which took place at the Theta Tau National Convention at Chicago during the Christmas holidays. We wish to congratulate Mr. Ritter on being so honored.

• THETA TAU will meet this Wednesday in Room D-204 at 7 p.m. • THE A.E.E., at their regular meeting will feature Mr. Howard M. Edmunds, Chief Engineer of the Crocker Wheeler Electric Company, Ampere, New Jersey, who will speak on the new variable speed "Alternating Current Poly-speed Motor" developed recently by his company. Mr. Edmunds will demonstrate the operation and speed control features of the motor in the Electrical Engineering Laboratory following his lecture.

This meeting will be open to the public and a large number of engineers are expected from governmental and private technical groups. The lecture will be held in Gov. 101 at 8 p.m. January 10. Refreshments will be served. (All in favor of having a group picture of the Branch in the Cherry Tree, please be present.)

• MR. CORLISS, chairman of the Association of American Railroads, will discuss "American Railroads" on Wednesday, January 10, in D-105 at 8 p.m. for the Student Chapter of the A. S. C. E.

This should be a particularly excellent discussion as Mr. Corliiss is an outstanding man in his field. After the meeting, a group picture of the society will be taken for the Cherry Tree after the lecture. Refreshments will be served.

• A SPECIAL FILM released by General Motors Corporation on "Application and Principles of General Motors Diesel Engines" will be shown at the monthly meeting of the Student Chapter of the A. S. M. E. Mr. Norman Boucher, Diesel Foreman of the Washington Terminal Company, will speak on the "Application of Diesel Motors to Railroads." The meeting will be held in Room D-104 at 8 p.m. Wednesday, January 10. A group picture of the society will be taken for the Cherry Tree after the lecture. Refreshments will be served.

• ALL INTERESTED IN ATTENDING the annual meeting of the Heating and Ventilating Engineers' Society to be held January 22 through January 26, please notify Professor Koster.

Final Examination Schedule

January 27-February 3, 1940

The class schedule is suspended during the examination period. Examinations will be two hours in length. Books and scratch papers may not be taken into the examination room unless authorized by the instructor in charge.

Third-group courses are not included. Courses in Law, Medicine and Pharmacy will be arranged by each school involved. Conflicts which cannot be adjusted with the instructor, and errors should be reported to the Registrar.

Colonials Hand Georgetown Second Cage Defeat, 49-41

Comer and Zunic
Pace Buff Attack;
Hoyas Outclassed

By TOM McCALL,
Sports Editor

COACH BILL REINHART had nothing but praise today for his varsity basketball team after the quint came through with two fine performances last week-end against strong foes at Georgetown and Bradley Tech. Last night another capacity crowd watched the Colonials battle the Bradley Tech Braves, who came East with a record of four wins and two losses.

The players were given a well-earned rest today by Reinhart and will resume practice this week-end for their coming game with Navy, at Annapolis on Jan. 17.

"We Will Be Tough to Beat"—Reinhart

"We started to click better against Georgetown than in any other game," Reinhart said, explaining the 49-41 victory over Georgetown Saturday night at Tech High gym. "The boys played the kind of ball we expected them to," the coach went on, "and from now on in they will be tough to beat."

Comer's and Zunic's ability to take the ball off the backboard was the outstanding factor in Georgetown's downfall, according to Reinhart. The passing and under the basket play of the Buffmen reached a new season high as 2,500 fans, the largest home crowd to watch either team in action this year, saw the Colonials take advantage of every Hoya mistake to take a distinct 20-8 edge midway in the first half.

Football Defeat Avenged

The second straight cage triumph over Georgetown, and the first freshman victory over the Hoya frosh made amends for that tainted 7-0 football decision Georgetown gained last fall on a blocked kick. Everybody but the officials saw the much-disputed offside play on the part of the winners that enabled Center Al Matuza to break thru to block Tim Swett's attempted punt for the only score of gridiron game that gave the Colonials the edge in everything but the final result. Matuza saw action for the Hoyas Saturday night, but, needless to say, was held scoreless.

Georgetown was badly out-classed all the way, except for the first few minutes of the game. The Hoyas drew first blood on Al Lujack's long shot, but Matt Zunic, six-foot three

Matt Zunic

sophomore forward, scored twice in succession, with a sensational running one-handed shot from the right corner, and followed with a beautiful set shot from the other side of the court.

Hoyas Make It a Contest at First

Two free throws by Pakaj on Auerbach's personal foul knotted the count at four-all, and again Pakaj made it six apiece after "Reds" Auerbach had zipped through one of his patented set shots to give the Colonials a temporary 8-4 lead.

At this point the Reinhartmen started to warm up and proceeded to set a sizzling pace to take a quick 24-10 margin. Pakaj and Rizzi made the only Georgetown baskets as Joe Comer, Bobby Gilham, Matt Zunic and "Reds" Auerbach thrilled the capacity audience with sensational shots from all angles. The Hilltoppers took time out twice in a desperate attempt to reorganize their faltering defense.

New Players Show Fine Improvement

Comer, Zunic and Gilham showed the polish and experience gained

Coach Reinhart
Praises Quint
On Improvement

In the earlier contests and played smart, cool floor games like seasoned veterans. Together with Seniors Auerbach and Captain George Garber, the team controlled the ball 70 percent of the time.

Georgetown made a belated spurt shortly before the end of the first half and trailed 26-16 at the midway point. History did not repeat itself, as many Hoya rooters undoubtedly hoped, as the Buffmen matched their keen city rivals, point for point, in the final session.

Last March, in the first renewal of basketball rivalry, the Hoyas held a 19-12 advantage at halftime, but were snowed under by a Colonial basket barrage in the second half to lose 36-26. Saturday night it was George Washington all the way.

Comer Sinks Five Straight Baskets

Joe Comer went on a personal scoring spree as the second half began, tossing in five straight field goals for the Buffmen. He made two sensational one-handed pivot shots from the center lane the world to block; dropped in two long shots from the middle, and dribbled in to ring the hoop for another two-pointers. Georgetown tried to keep pace with Rizzi and Capt. Johnny Schmitt handling the bulk of the Hoya point-activity.

Twice when the Colonial defense seemed to falter and Georgetown had the makings of a rally under way, Captain "Jug" Garber called time out, organized his team's defense and promptly nipped any further enemy activity.

Colonials Control Ball at Close

Georgetown closed strong, scoring seven points to our one, in the last seven minutes of play. The Colonials were content to freeze the ball rather than to attempt further scoring and had the Hoya players roughing it up towards the end as they sought to take possession of the ball.

Lanky Center Joe Comer paced the winner's attack with nine baskets for 18 points, and was closely followed by Matt Zunic, who plunked in five shots from the floor and two charity line tosses for 12 markers. Auerbach and Gilham, with eight apiece, and Garber with three, completed the Colonial scoring. Captain Schmitt, Hoya guard, was the losers' high point man with 9, on four field goals and one free throw.

Bob Hood Leads Frosh As They Win 7 Straight

WHILE OTHERS WERE enjoying the holidays, the freshman basketball quint stretched their undefeated streak to seven straight games. Last night Coach Zahn's five played F. B. I. in the preliminary to the Bradley Tech game at Tech High.

After an easy victory over Y. M. C. A. the Junior Colonials knocked off Devitt Prep to the tune of 62-20; swamped Central High 44-18; and met stiff opposition from the Jewish Community Center five, but finally subdued them 49-44. The J. C. C. defeated F. B. I. in a close game last week.

Play Roosevelt High Tomorrow

Tomorrow afternoon the young Colonials should have little trouble with Roosevelt High, whom they meet in a practice game at Roosevelt at 3:30 p.m. They play a return game with Anacostia High Tuesday afternoon at 3:30 and meet Tech High on Jan. 20.

Starting off the season with a 14-point margin victory over Anacostia High, the freshman drive gained momentum and was climaxed by a 42-point edge over Devitt Prep. Coach Zahn blames a bad case of "vacationitis" for the tapering off in scoring during the last three games.

Hood Takes Scoring Lead

Bob Hood, with 32 field goals and 7 foul goals for a total of 71 points, leads in the scoring department. Sharing honors with Hood are Jimmy Gallagher and Milton "Red" Rein, who sparked the scoring in the last two games. Gallagher with 25 baskets and 8 free throws for 58 points, is second, and Rein follows with 45 points.

When asked what he thought of his squad, Coach Zahn tried to hide his emotions, but grinned and said, "Fine." But that wide grin seemed to shout, "Boy, they are great." He would not predict whether his charges would go through their schedule undefeated, but he said he hoped so.

He also expects they will soon regain their stride shown in the earlier part of the season.

Colonial Frosh Trim Hoyas; Never Headed

OTT ZAHN'S SPECTACULAR freshman basketball team continued its invincible pace, which netted the Frosh seven victims, and romped away with their traditional rivals from Georgetown for their eighth straight victory, 51-40. With this game at Tech High Saturday night, the Junior Colonials more than avenged one of the two defeats handed them last year by the Hoya frosh, which had won both by two and one points.

Scoring the first basket from the court shortly after the starting whistle sounded, the Buff frosh were tied only once during the whole game when the Hoyas made it two-all. After this the scoreboard read in favor of the Zahnites throughout the rest of the game. However, the Blue and Gray team threatened to take the lead by bringing the score up to 37-36 with six minutes and 25 seconds to play.

G. W. Scores 12 Points in 3 Minutes

Again the Buff took matters into hand and launched their deadly attack, paced by Bob Hood and Jimmie Guinnup, who scored nine points between them, to give the G. W. freshman a safe 49-36 margin. The Colonials rolled up 12 points in three minutes and ten seconds. For the remaining three minutes they displayed a clever freezing-the-ball act, which baffled the demoralized Hoyas.

Jimmy Gallagher, District All-Prep star, who has been scoring steadily all season, led the attack with 18 points. "Red" Rein and Bob Hood scored 12 points apiece. Meanwhile, Center Johnny Konezewski was driving Bill "Ten-Points-a-Half" Bornheimer into hysterics by holding the Hoya center to a single basket from the floor. The Buff yearlings led 29-20 at the half.

Combining the 51 points with the scoring sprees the Freshman went on during the holidays, the totals read, G. W., 382; opponents, 219.

Davidson Swamped 74-42; Florida, Clemson Beaten By Buff; Aggies Win 38-33

By JOHN E. STRONG

VICTORIES OVER Davidson, Florida, and Clemson, counterbalanced by one only defeat, at the hands of the powerful Oklahoma A. & M. basketball team, was the record compiled by the rapidly improving Colonial quintet during the Christmas holidays. Davidson, the first victim of the Yule season, was the recipient of a record-breaking barrage of baskets as the Colonials turned loose their heavy guns to run up a truly amazing total of 74 points while holding the Wildcats to a relatively small count of 42. The Reinhartmen led 38-24 at halftime.

HAPPY NEW YEAR

We ARE PROUD OF OUR FOOD...

WE KNOW You WILL LIKE IT

... 17 years of serving G. W. Students ... but after 17 years, two facts still remain constant:

There's pleasure in doing a good job, even in cooking—we're proud of the skill that we've acquired in pleasing people's appetites. We know you'll like eating here. Why don't you stop in today for lunch or dinner?

BLUE AND GRAY CAFETERIA

722 EIGHTEENTH ST. N.W.

"Reds" Auerbach; Joe Comer Lead Colonial Scorers

"REDS" AUERBACH, veteran guard, paced the Colonials' attack during their first seven court games of the year. Auerbach, high-scoring cog in the Buff offense, tossed in 30 baskets and 13 foul shots to lead his teammates in scoring for the season with 73 points.

The red-headed senior, who had his best night against Davidson with 17 points, is also deadlocked with Matt Zunic for the lead in free throws with 13.

Comer Sets Pace Against Hoyas

In the scoring parade Joe Comer, lanky center, trails behind Auerbach in second place with 66 points. Comer scored 32 baskets to lead the team in this respect and has converted 2 foul tosses for his total. The junior letterman tallied 13 points against Georgetown to move up from fourth to second place over the weekend.

Zunic, the sensational 6 foot-3 inch sophomore, is in third place with 61 points and heads the team in personal fouls with 15 called against him. Captain George Garber completes the list of high scorers and is in fourth place with 59 points for his season total. Garber, who placed second among the Colonial point-makers last year, has been the team's mainstay with his brilliant passing and floor play.

Sophomore Bobby Gilham and Letterman Eddie Amendola place fifth and sixth, respectively, with 27 and 23 points.

The season's scoring records for the first seven games follow:

PLAYER	G	FG	FT	PP	TP
Reds Auerbach	7	30	13	12	73
Joe Comer	7	32	2	10	66
Matt Zunic	7	24	13	15	61
George Garber	7	25	9	12	59
Bobby Gilham	7	13	1	8	27
Eddie Amendola	7	10	3	5	23
Lou Velti	3	3	4	11	10
Lud Urick	3	3	2	3	8
Ray McCall	1	0	0	0	2
Charley Jones	5	0	1	4	1
Mike Aronson	1	0	1	0	1

Sig Eps Start Court Play In Local League

SIGMA PHI EPSILON will open its basketball schedule in the Community Center League tomorrow night at 9:30 in the Central High gymnasium. Playing a stiff ten-game schedule in the unlimited division, the Sig Ep quint faces the New York Life Insurance five in the opener. Admission to the public is ten cents.

Under the expert guidance of Coach Ford Young, former G. W. cage and football star, the Sig Eps are greatly improved over their Interfraternity League form. In their last league game against Acadia, the Sig Eps outscored the Acadians 17-1 in the first half for a new Interfraternity record.

The Sig Eps played two practice games during the vacation, trimming New York Life Insurance 38-18 and losing a close one to Mount Vernon. Sunday school league champions.

Covering The Colonials

By AL LUCYK

THE DAVIDSON WILDCATS, of whom G. W. was wary, surprised the Colonials—by subsiding to the Colonial attack, which netted the Buff 74 points and a possible District scoring record. Coach Reinhart, Boss Tom McCall (Sports Editor), and Johnny Busick, Sports Publicity Director, assumed roles of would-be prognosticators and said the game would be close—even after the starting whistle sounded. We are not so hot, either. These three gents had us convinced that Davidson was good.

The Clemson Tigers threw a scare into Colonial hopes during the first half, but thanks to All-American Center Banks McFadden, who was not there, they were subdued by a margin of 17 points.

Art Zahn's freshman keep snatching victories right before the very eyes of their opponents and unnoticed. That is, if F. B. I. did not put a stop to their vandalism last night.

A certain coed informs us why so many girls are seen at the basketball games these days. Tall, dark, and handsome Eddie Amendola is the reason. Right, Janet?

Watch Matt Zunic when he commits a personal foul. He reminds us of a little boy who was caught swiping jam.

Our nomination for the best pass of the season is Captain Garber's toss to Auerbach via Amendola's head. It was a perfect bounce from Eddie's noggin during the Oklahoma Aggie game.

It was not so! The official score for the Freshman-Jewish Community Center game read 49-44. But those last two points scored by JCC should not have counted. They were scored after the clock had run over five seconds.

Paging Chris Heurich, local professional basketball promoter. Ever since the first time we cast our eyes on George Garber in a basketball uniform this season, George has impressed us as good pro material. He plays that type of game, is aggressive and big enough to play that type of basketball.

Social Chairman And President Lead March

MISS NANCY GREGORY and Mildred O'Connor escorted by Wallace Buell and John O'Donnell will be co-leaders of the Grand March of the Interfraternity Pledge Dance, Saturday night.

As in previous years, the president and the social chairman and their dates will lead the traditional march of the traditional dance at the Shoreham this week-end.

Mr. Buell, president of the pledge council is a Sigma Chi pledge and Mr. O'Donnell, social chairman, is a pledge of the Delta Tau Delta fraternity.

Other Participants
Other participants in the Grand March will be Florence Clark and Robert Roadley, Sigma Nu; Lois McCann and Ted Culp, Sigma Phi Epsilon; Sue Burnett and Robert Dearth, Acacia; Mary Ide LeBrou and Phil Young, Theta Delta Chi; Martha Thomas and Oden Clay, Kappa Alpha; Mary Frances O'Neal and James Sullivan, Sigma Alpha Epsilon; Barbara Bachrach and William Baldwin, Tau Kappa Epsilon; Patricia O'Connor and Eugene Crowe, Tau Sigma Rho; and William Hawthorne, Phi Sigma Kappa; and Cullen Jones, Kappa Sigma.

The highlights of the Prom will be at midnight when the award for presenting the best skit at the Interfraternity Pledge smoker will be given to the pledge class of Tau Sigma Rho.

Last Big Social Function
This dance which is probably the last big social function before exams, and incidentally, "Hell weeks" is a traditional one on campus.

It is also the first big inter-Greek affair at the University of the New Year. Last year it was held at the Kennedy Warren and was a tremendous success.

Rise and Fall Of Ice-Skating

By BETTY EGLOFF
OOOPS, she's up—no, she's down! Well, at least, she doesn't take life too seriously. She moves from one "level" to another. In this case, we refer to Miss Coed, who is now engaged in learning about the rise and fall of ice skating.

Ice skating is only one of the many winter sports the University offers in its Physical Education Department. To do a week, Miss Coed treks over to the hand-made "ice cake" at Riverside, and, under the expert instruction of Mr. Robin Scott, learns the whys and wherefores of staying above ground. The instructor, a former World's Champion skater, finds that the majority of our girls "take to the ice" very quickly. (No pun, of course!) A large part of the rink is roped off for each lesson. Then while one group is being taught, the other practices. It has been said: "Practice makes perfect." And some of the girls do try so hard!

Figure Skating
The figure skaters are able (or should be) to make figure eights. The inside and outside edges of the figure were supposedly perfect before the holidays. The beginners are no longer "poor little learners" as they are actually becoming bold and are starting to skate backwards, for a few steps anyway.

Santa Claus certainly was good to many a University miss, who stood goggle-eyed on Christmas morning as she unwrapped a pretty bright skating outfit. Several wore their new suits last Thursday at class. Caro Parkinson had on a sporty maroon outfit as she gracefully glided over the "ice cake." By the way, she is considered the best figure skater in the Monday-Friday class. Old Saint Nick had nothing on Pat Stewart or Louisa Coll who both jingled along with "bells on their toes"—well, anyway, on their ankles!

Angora Sweaters
Just lots and lots of fuzz went flying around the rink off the Angora sweaters and mittens the gay skaters were wearing. One coed looked like a puma in Mademoiselle in her white Angora hood—and very el-like! Tyrolean sweaters were skating everywhere—not by themselves, of course, and white figure skates adorned the foot of many a lass. Alas!

Premedical Students Tour Medical Museum; Will Meet Friday

THIRTY STUDENTS attended the fifth Premedical Forum, which consisted of a tour through the Army Medical Museum Library on December 19. Colonel Ash, Curator of the Museum, personally conducted the tour, which took the group from basement to attic of the 30-year-old building. Assisted by a staff of four, Colonel Ash answered all questions put by students as they passed through the various sections of the museum.

Conducted through rooms usually closed to the public the group was permitted to observe rooms containing numerous microscopic slides, foreign and domestic books and periodicals, research laboratories and the trial exhibit room where displays are set up before being exhibited to the public.

Following the tour Colonel Ash gave a brief history of the museum, told of its aims and outlined the progress it has made.

The Premedical students will hold their next meeting Friday at 8 p.m. in Columbian House.

Apple Polishing Tomorrow

OPPORTUNITY to do some last minute apple polishing is being offered to all University students at Mortar Board's second apple polishing luncheon tomorrow noon in Columbian House. Honored guests at this luncheon will be Doctors Edward Acherson, Wm. C. Johnson, and Howard M. Merriman.

Don't forget—it isn't long before finals!

Christmas Holidays Bring Good Times To All

"YOU CAN ALWAYS tell the person who had a GOOD Christmas holiday by his tired look" was the most famous quote around campus this week after the week before. From those tired expressions, we would say that the vacation was all right for all.

Just to show that it really is a small world after all, news of a former Miss G. W. met your correspondent head-on in the wilds of little old New York. A famous columnist printed the following item in his well-read "On Broadway": "Peggy Coulbourne, Virginia society girl and belle of the last West Point hop, will make it a New Year's elopement in Miami with Paul Straschun, a Corday perfume executive." We do think, though, he should have mentioned G. W. and Chi Omega!

Fraternities, though, were as usual not inactive over the "recess." S. A. E. has a particularly merry time. They started their festivities with a party for the underprivileged children in the city Christmas Eve. The thirty kiddies all got presents from Santa Claus, via Jake and Gordon Hittenmark. Shuak provided a couple of good cartoons, while Tom Wilson gave the tree.

Mistletoe Dance

A dance Christmas night termed "Mistletoe Dances" was another big event. We heard a "good one" concerning that dance and the Sig Alph bulletin board, too. One day the sign announcing it said "Bring a girl you can kiss"—the next day it was added to and read, "Bring a girl we all can kiss." It seems the sign was appropriate, for we read this little item concerning it in "Rho Rubbish" (which was left accidentally, we're sure, in the office). McDonald kept holding a piece of mistletoe over a certain girl's head and kissing her. At the tenth time, she looked up, saw no mistletoe, and said "Oh, Mac, this is unfair to the union." Woo, Woo—Yes?

Sig Eps left their big party for the end of the holidays. Along with Kappa Sigma and the Tekes they really ushered in 1940 right or so Joe Bob Gale of K. S. says. McCall, who gave us the Sig Eps news, only smiles and says nothing at all concerning the evening.

McCall Cools Off

Also about McCall—we just heard that he received quite a "Cooling Off" about 3 A.M. New Year's morning. We are wondering why? And also concerning those New Year's Eve parties—there was one fraternity on campus—a member of which remarked after returning from taking his date home, "Well— (fair co-ed; well known, too) don't you know you should go home—anyhow when it gets to be daylight."

Sigma Kappa also held a big dance over the holidays. Their Christmas formal was on December 27 at the Hotel 2400 16th St. The Royal Blues played.

Several people received those coy-

eted Greek pins lately. T. A. O. initiated Morty Johan, Stan Werbow, Will Targoff, Ralph Alpher, Bob Zimmerman, Joe Katz, and Fred Richmond Dec. 17. Isn't it a shame that those glorious beautiful and welcome examinations must determine the fates of the rest of the pledges?

Gossip Never Stops

Holidays may intervene but it is obvious that gossip doesn't. So we are going to let you in on all those choice items—or at least as many as we know.

It seems that quite a few pins mysteriously disappeared over the holidays. The brothers are wondering about Bruce Haviland's, "Scratch" Hatcher's and Ward Beard's. And Ed Good spent up-wards of fifteen bucks calling a little K. D. in Seattle, Washington.

Over the Grapevine

Word through the grapevine tells us that Charlie Daniel's girl friend in Georgia always seemed to have something else to do after dark. No woo flinging this time, Charlie.

Orchids to Ruth Warren for the best crack of the week—for when Joe McWhirt got cute the other night and offered her a handful of sugared dates with the natural comment "How about a date." Return from the Chi O was "I don't care for fresh DATES, thank you."

And orchids, too, to big Frank Furrie for his remark to a little romper boy, "Hello, Junior, does your mother know you're out?"

About Bob Daugherty

And have you heard about Bob Daugherty? He broke up with his high school steady for a year and a half so he could "play around" in college. Upon calling her for a date Christmas at 3 o'clock he found out that she had gotten married at 2. Better luck next time, Bob.

French Nuptials Held New Year's

THE WEDDING OF MISS ALICE BEAUREGARD to Mr. John Lawrence French, son of Dr. William Cullen French, professor of Education at the University, took place on New Year's Day in Gaithersburg, Maryland.

Mr. French, who is now doing graduate work in Mathematics at the University, graduated from Columbia University in 1932. He is a member of Sigma Xi Fraternity, honorary science fraternity.

Mr. and Mrs. French will make their home in High Point, North Carolina.

Newman Club Plans Initiation Dance

TWO MEMBERS of the Newman Club were awarded honor keys at the Newman Club Annual Corporate Communion breakfast at the Lee House Sunday morning. Thos. F. McCarthy and John Hiegel were awarded the keys for outstanding service to the club, by Father John C. Cartwright, club chaplain. Co-chairmen for the Communion breakfast were Doris Blackwell and Bert Smith.

The Newman Club held a meeting last Thursday night and made final plans for the Initiation Dance, which will be given on Saturday evening, Jan. 20. Tickets can be secured from committee members or at the Student Club counter.

The dance will be held at the Hay Adams House to the music of Sam Brown and his orchestra. Tickets will be sold for \$1.75 per couple until Jan. 18.

Masonic Club Plans Dinner Meeting At Acacia House

THE UNIVERSITY MASONIC CLUB plans a dinner meeting at the Acacia House Thursday, Jan. 18, according to an announcement by Frank Ford Burnett, president.

Burnett said the secretary-treasurer, Monroe Williamson, is sending personal invitations to 100 student Masons and that faculty Masons also are invited. It is necessary, he said, that reservations be made. They may be sent to the secretary at 1737 N St.

Student and faculty Masons may join the club by sending \$1 to the secretary-treasurer, or Dr. Arthur Johnson in the Engineering School.

Basketball Games Scheduled

INTER-CLASS women's basketball games will get underway Saturday at 2 p.m. in the gymnasium, when the sophomores meet the seniors, and the freshmen meet the juniors. The next game will be the following Saturday, when the freshmen and soph-juniors games are scheduled.

W. A. A. Holds Skating Party

THE WOMEN'S ATHLETIC ASSOCIATION has arranged a roller skating party to be held on Thursday, Jan. 11.

The party will meet in the Phi Mu rooms at 7:15 and will adjourn to the coliseum. Hot chocolate will be served when the group returns to school.

Third Term Is Endorsed By Congress

PRESIDENT Franklin Delano Roosevelt was unanimously endorsed for a third term at a turbulent meeting of the George Washington Student Congress held just before the close of school for the holidays.

After thwarting the efforts of opponents of his resolution to force an adjournment, Mike McKool, sponsor of the resolution favoring the president, then forced a vote on the measure and, in spite of the vociferous debate that preceded the vote, he was given a vote of 100 to 0.

Prior to that action, taken immediately before adjournment, Everett Bellows was given a vote of thanks for his service to the Congress last year, when he held the office of President. He was also given a gift emblematic of the Congress appreciation.

Congress did not get to consider the real purpose of the meeting, a bill which was supposed to have been introduced by the committee on Economic Planning. For reasons not fully clarified during the meeting, Chairman Sam Katz did not appear in the meeting, although it was maintained that he had either been given full notice of the meeting, or that Bill Gausmann, usually reliable in such matters, had failed to deliver a message to Mr. Katz.

As punishment for their failure to ward their duty, the Congress passed unanimously the motion of the Rules Committee that the Committee on Economic Planning be discharged. To express their personal feelings toward Mr. Katz and Mr. Gausmann, the Congress passed a motion introduced by Joe Clority that "figuratively speaking, Mr. Samuel Katz be considered in a pillory of thirty days, and that Mr. William C. Gausmann be considered in the brig for thirty days." The motion was seconded by Paul McCann, and over the protestations of Gene Crowe, the motion was passed by the necessary majority, and the secretary (Gene Crowe) was advised to inform the members of the action taken.

Kathryn Shimer Entertains

A LITTLE STRAY GREEK AT STRONG HALL the other day got the "honey" idea of throwing a party for other stray Greeks who are wandering around this campus without a chapter to call their own.

This is by way of saying that one Kathryn Shimer, Kappa Alpha Theta from Southern Methodist University decided to entertain at a party next Sunday for all of the girls at the University who are members of Sororities which do not have chapters in Washington. There are several girls here, transfers from other colleges and universities, who belong to sororities which do not have chapters at George Washington.

The chapterless sisters will get a chance to sympathize with one another at the party which has been arranged for 4 o'clock at Strong Hall. Besides hearing interesting things about each other's sororities, the girls will probably enjoy hearing stories about hometowns which range from Oshkosh, Wisconsin to Panama City, Florida.

Columbian Women Raise \$720 on Student Fund

COLUMBIAN WOMEN raised \$720 for the Student Loan Fund in their recent drive. Bridges, luncheons, and other social events were featured as a part of the drive which closed in December.

The next meeting of the Columbian women will be held on February 3, and will feature a luncheon in the Student Club.

Kappa Beta Phi Meets Friday

KAPPA BETA PHI will hold its monthly meeting Friday, Jan. 12 at the home of Evelyn Brye. Three of the national officers, Mrs. Grace B. Stiles, Mrs. Anna Moulton, and Miss Marguerite Rawalt will be present to discuss national affairs of Kappa Beta Phi.

At this meeting the girls will also set the date for the annual initiation which will take place in February.

Davidson

Continued from Page 3

the reach of any last-second Colonial rally. Joe Comer began his climb to fame in this game, jointly holding scoring honors with the already established star, "Reds" Auerbach. Both men plunked in 11 points in a vain effort to out-score Oklahoma.

Florida, next on the Colonial's list, proved no match for Coach Reinhart's boys, who won 49-36, while still pulling away. The half-time score of 20-14 was hardly reflective of the superiority that the Buffmen had shown up to that point and in the second canto the boys in Buff & Blue really "went to town" (to create an expression).

Still another Colonial star emerged from what now seems to be a star-studded squad. Matt Zunic, a hitherto unheralded sophomore, led the team by counting 17 times. Six times he dropped the ball through the rim from the floor and five times he converted charity tosses. George Garber also had another good night, accounting for 13 of the Buffmen's points.

In their last game before they went on to successfully storm the heights of Georgetown, the Colonials followed the example set by Maryland and defeated Clemson, 1939 champions of the Southern Conference. After a slow first half, in which the Buffmen managed to gain a 20-17 lead, the Colonials picked up speed and, in the closing stages of the game, turned the contest into a rout. When the totals were added up the Buffmen were ahead by a score of 49-32.

Ronald Reagan, Picture Star, Feted By Tekes

RONALD REAGAN, member of the Iota chapter of Tau Kappa Epsilon at Eureka College, was feted by the Alpha Pi chapter of G. W. when the Tekes combined their efforts in a "Welcome Frater Reagan," "Farewell to D. C." party here last Wednesday.

Reagan, who is achieving stardom in Hollywood, appeared as a headliner at one of the local theaters last week.

At a dance given by the Tekes in his honor, Ron was the center of attention with his stories of his days as a Tek at Eureka, where he was chapter secretary and president; his days as sports broadcaster for the National Broadcasting Company's coast to coast hookup, when he was known as Dutch Reagan; and many stories of Hollywood itself.

Reagan may be remembered for his roles in "Dark Victory," voted as the best picture of the year "Hollywood Hotel," "Boy Meets Girl," "Brother Rat," and many others, including his most recent one, "Brother Rat and the Baby."

Much of the discussion centered around Ron's Tek ring, which he proudly displays in his pictures. An aspiring young news writer once wrote that the crest on this ring was the Reagan family crest.

Part of the evening's program included the singing of the fraternity songs, much to the joy of Mr. Reagan.

Jane Wyman, another movie starlet, and Ron's fiancée, is the Iota Tek Sweetheart.

Reagan left late Thursday night enplane to Chicago for another week on the stage. After the Windy City, he heads back to Hollywood for another picture.

Hatchetize Your Business

Phi Delta Gamma Entertains Rushees

RUSHEES OF PHI DELTA GAMMA were entertained at a progressive dinner taking form of a sight-seeing trip, Saturday, January 6. The homes in which the courses were served were decorated to represent such places as the Navy Yard, Agriculture Department, Capitol, Supreme Court and Treasury.

The first course was served by Florence Siffered, Gertrude Speiden, Clarita Claussen and Nelle Shannon. Entertaining at the meat course were Mildred Green, Elizabeth Fielden, Dorothy Lauder and Pricilla Holcombe.

Those serving the "capitol" salad were Frances Odor, Virginia Kinard, Helen Thomason, Margaret Moore and Frances Doty.

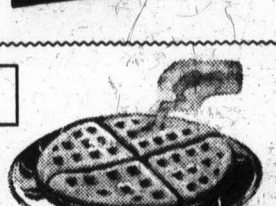

At the Supreme Court course the group received its "just desserts" from Martha Carr, Clara Hiller, Florence Rice and Katherine Asbury.

At the home of Mary Warren coffee was served with a "mint" of fun.

On Sunday January 7, the sorority which is composed of women doing graduate work at the University, held its regular meeting in Columbian House.

Kappa Alpha Holds Round Robin Sunday

THE ROUND ROBIN SERIES of informal radio dances is continuing in its popularity. Last Sunday the Kappa Sigma Fraternity was host in the fourth of the series. Next Sunday Kappa Alpha will entertain at their house.
